# THE GALPIN SOCIETY

The Galpin Society was founded in 1946 for the publication of original research into the history, construction, development and use of musical instruments. Its name commemorates the late Canon F. W. Galpin, the great pioneering organologist.

The Journal, published annually, contains articles, reviews, notes and queries on all aspects of musical instruments. Back numbers and an Index (1-25) are available.

A Research Grant is offered to assist in study, in anticipation of an article suitable for inclusion in the Journal.

A Bulletin is issued three times a year, publicising future activities, reporting on recent ones, placing notices from members attending conferences, etc., and containing requests for information. A separate free advertisement leaflet is available for members.

Catalogues of the 1968 Edinburgh and the 40th Anniversary 'Made for Music' Exhibitions are obtainable from the Secretary.

Visits are organised to instrument collections, many not normally accessible in the U.K., Europe and beyond. The curators of important collections in universities, museums and conservatoires worldwide often allow visiting groups of members the privilege of seeing workshops, stores and conservation departments in addition to the collections. From time to time members are invited to visit the homes of private collectors.

The Annual General Meeting is held in the U.K. in the Summer

Membership is open to all and is international. Institutions may enrol and enjoy all rights of representation. Membership lists are available to members.

Application Forms and further details can be obtained from the Secretary, Pauline Holden, 38 Eastfield Rd., Western Park, Leicester LE3 6FE, England.

### FORMER STATE TRUMPETER FOLLOWS IN THE FOOTSTEPS OF BEALE, BULL & HARRIS

Continuing 300 years of English tradition, Mifter David Edwards is pleased to announce that he is ready to accept commissions for his families of instruments exhibited in famous English Museums.

Many prominent professionals throughout Europe, the Orient and the New World already use Baroque trumpets made by this former member of the Queen's Life Guard.

This is your opportunity to emulate the trumpeters who played for Mifter Purcell and Mifter Handel upon instruments made by Mifter Beak (formerly of Oliver's and latterly of His Majesty's Horse Guards) and Mifter Bull and Mifter Harris, Makers of the King's Trumpets.
